

**Breakaway**

SR1

# SNOOD RELEASE

Patent No. 9711870.7

## AUTOMATIC & FAIL SAFE COMBINED SNOOD & HOOK RELEASE

- Quick & easy set up
- Releases over all distances
- Streamlined for maximum casting
- Works in conjunction with the impact shield

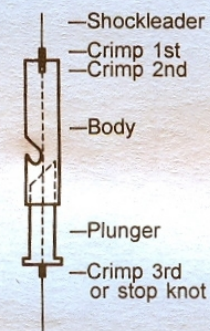

**INSTRUCTIONS:** Slide on crimp, body, crimp, plunger and crimp onto shock leader as in diagram. **Important:** Crimp 2nd crimp and drop body over to ensure 1st crimp holds body firmly in position. Align flat edge of plunger to inside flat edge of body for correct release movement. Fix 3rd crimp or stop knot when plunger is in open position.

### INSTRUCTION DIAGRAM

Examples of how to use the *Impact Snood Release Clip*.

*Up and over rig  
for long snoods*

*Upside down  
pulley rig*
